

International Security Conference

SCADA SECURITY

Organized as a part of FUTURE FORCES FORUM

12 – 13 October 2017 • Hotel DAP, Prague, Czech Republic

Call for Papers

The organizer of the conference seeks professional papers in the area of cyber security, CIIP and ICS security with special focus to future threats, challenges and goals.

The organizer reserves the right to reject any paper, which does not focus on conference topics or expected programme scheme or any paper without any explanation, on the free decision of the organizer.

The conference will focus on the following topics:

- Recent and future cyber threats and solutions
- New technological trends in ICS security
- Cyber security as an investment to protect own businesses and entire society
- Industry 4.0 (IoT) vs. ICS security
- Human factor and related topics
- Business opportunities in the cyber security area

Final paper in the following structure has to be sent to the email address given below not later than on 20 September 2017:

- The title of the paper
- Name and surname of the author(s)
- Name of the organization / company, address, state, e-mail address
- Paper annotation / abstract
- Keywords
- Paper text
- Literature (used information sources)

All documents listed above should be provided electronically as a PDF, Word Document, or PowerPoint 2003 (or higher) presentation with a maximum of 30 slides.

The conference is organized under the auspices of the European Cyber Security Excellence Center (EUCYBSEC)

The conference is a part of the European Cyber Security Month

The conference is organized under the auspices of:
